The cost of the arbitration shall be shared equally by both parties.

ARTICLE XIV

LEAVES

- 14.1 All members of the bargaining unit shall be entitled to thirteen (13) days of sick leave with pay during each school year.

Unused sick leave may be accumulated without limitation for certified employees.

- A. Definition of Sick Leave

Sick leave shall be interpreted to mean personal illness, quarantine at home, or serious illness or death in the immediate family or household or for birth, adoption or placement for adoption. Immediate family shall be defined as: parents, spouse, brothers, sisters, children, grandparents, grandchildren, parents-in-law, brothers-in-law, sisters-in-law, aunts, uncles, step-parents, nieces and nephews, and legal guardians. Disabilities arising out of pregnancies and childbirth are to be handled in the same manner in which other physical disabilities are handled in the District. Accordingly, the teacher is entitled to receive sick leave pay pursuant to this Article for disability relating to pregnancy and childbirth only for those days when the teacher is physically incapable of teaching. While on child care leave, teachers may not receive sick leave payments.

- B. A pregnant teacher shall be permitted to work as long as her physician deems her physically able.
- C. Statement of Accumulated Sick Leave Days

At the beginning of the school year, each teacher shall be given a statement of the number of his/her accumulated sick leave days.

14.2 Personal Leave

Each teacher shall be entitled to three (3) personal leave days per year. Personal leave shall be used for personal business which cannot be transacted at any time other than the school day. The building administrator shall be notified forty-eight (48) hours in advance of absence whenever possible. No personal leave shall be granted during the first two (2) weeks and the last two (2) weeks of school, nor on any day before or after a vacation day or holiday, except in case of a circumstance beyond the teacher's control. No reason need be given for personal leave. Unused personal leave days shall be converted to sick leave at the end of the school year.

14.3 Child Care Leave

- A. Upon written request, any teacher shall be granted child care leave without pay.
- B. Leave shall be granted for a period of time which shall not exceed one (1) year following the birth of the child. Such leave may be extended upon request and at the discretion of the Board or Superintendent. At the teacher's option, child care leave may begin immediately following pregnancy disability leave. However, a teacher who does not request a child care leave may resume his/her job as soon as his/her doctor determines that he/she is physically able to return.
- C. A teacher who requests and is granted a child care leave shall return to work only at the end or beginning of a school semester. A teacher who requests to return to work prior to the end of the scheduled leave may do so if a position becomes available.

14.4 Other Leaves for Teachers

Upon written request, the Board may grant several kinds of leaves without pay to a requesting teacher. These leaves may be up to one (1) year in length and any extension is at the Board's discretion.

Any employee granted leave without pay shall not suffer a break in service because of the leave, but shall not accrue any seniority while on leave. Any employee returning from such leave shall be reinstated with seniority and commensurate salary as of the commencement of the leave. Any employee returning from such leave shall give written notice to the Superintendent's Office by March 1; the failure to provide such notice by March 1 shall constitute a resignation.

The extended leaves without pay discussed herein are as follows:

- A. General Leave -- May be granted by Board for up to one (1) year without pay for personal reasons.

- B. Academic Leave -- May be granted by Board for up to one (1) year for the purpose of study.
- C. Union Leave -- May be granted by Board for up to one (1) year to pursue Union business.
- D. Temporary Leave -- May be granted by Board up to one (1) year for personal or business matters, but may not be granted for the first and last week of school nor immediately prior to or following a school holiday.

14.6 Union Leave

In the event that the Union desires to send representatives to local, state or national conferences; these representatives may be excused without loss of pay subject to the recommendation of the Superintendent and approval of the Board. No such leave shall exceed two (2) days and shall not exceed two (2) teachers per year. The Union must pay for the substitute teacher employed to cover the union member(s)' leave.

14.7 Sick Leave Bank

- A. The Sick Leave Bank is a voluntary bank of Members' sick leave days administered by the Union's Sick Leave Bank Committee, which may be used for serious illness, injury and/or hospitalization and only by participating Members. The Board and Union agree that the Board shall, pursuant to the direction of the Union's Sick Leave Bank Committee, accept donations of Member's sick leave days to the Sick Leave Bank, shall hold these days, and further, pursuant to the direction of the Union Sick Leave Bank Committee, and to the availability of days in the Sick Leave Bank, distribute days from the Sick Leave Bank. The Union is authorized to promulgate rules and regulations concerning the administration of the Sick Leave Bank provided that the following rules apply: (1) the maximum number of days which may accumulate is twice the number of members, (2) the days are only available after exhaustion of all accrued sick and personal leave and (3) no employee shall be entitled to more than 20 school days in one school year.
- B. The West Harvey Council, AFT Local 604, shall indemnify and hold harmless the Board, its members, officers, agents and employees from any and all claims, demands, actions, complaints, suits, costs, losses and expenses or other forms of liability including, but not limited to, the cost of defense thereof and attorneys' fees therewith in any manner resulting from or arising out of or connected with this provision or the consequences therefor or that shall arise out of or by reason of action taken by the Board for the purposes of complying with the above provision.

- 14.8 When a teacher returns from an unpaid leave of absence, the teacher shall be reinstated with seniority and position on the salary scale as of the commencement of the leave. In the event that a teacher prefers to return prior to the beginning date of a marking period, the teacher shall contact the Superintendent to determine a possible assignment. However, it is recognized that teachers may be assigned their original position if the identified position for the returning teacher is held by different day-to-day substitutes.
- 14.8 In the event of a paid leave of absence during a school year, the teacher shall return to his/her former position. If a leave continues into the following school year, the teacher may return to his/her former position if it is available, depending on district needs.
- 14.9 Bereavement Leave
All teachers shall be allowed up to a total of six (6) days absence per school year, up to three (3) days per occurrence, without loss of pay, for the death of a member of the immediate family or household. The immediate family will be defined as: parents, spouse, brothers, sisters, children, grandparents, grandchildren, parents-in-law, brothers-in-law, sisters-in-law, aunts, uncles, step-parents, nieces, nephews and legal guardians.
- 14.10 Workers' Compensation Leave
A teacher who is receiving workers' compensation may, at the teacher's discretion and after informing the Business Office of said election, utilize one-third (1/3) day of the teacher's accumulated sick leave for each day that the teacher is receiving workers' compensation benefits where the use of sick leave would otherwise be allowed for the day.
- 14.12 Teachers are encouraged to engage in effective professional activities, including attendance at workshops and seminars. All Workshops and seminars and their related costs will be pre-approved at the discretion of the Board. If approval is granted, fees and expenses will be paid and reimbursed by the Board accordance with District regulations. Teachers may request professional leave at no loss of pay to attend professional development activities not approved for cost reimbursement.

ARTICLE XV

SALARY AND FRINGE BENEFITS

- 15.1 Any additional workday requested by the Superintendent or his/her designee shall be voluntary on the part of the teacher. Any teacher who is requested by the Superintendent or his/her designee to spend any additional day (s) at work for the District shall be paid at the rate of 1/185th of his/her yearly salary per day, except in those cases where funds from federally funded projects or other outside sources limit per diem to a lesser figure. In those cases, teachers shall be paid the allowable rate. Non-tenured teachers and newly hired teachers, shall attend, without extra pay, two (2) additional service days as scheduled by the Superintendent.

- 15.2 Tenured teachers may request approval to undertake graduate coursework for the purpose of tuition reimbursement and/or salary advancement by completing and submitting the "Coursework Approval Form" (Appendix D) to the Superintendent or his/her designee for consideration of Board pre-approval. Such coursework must be taken at a nationally accredited institution and in a subject area related to the teacher's current assignment or otherwise of value to the District. Additionally, in order to be eligible for a tuition reimbursement as set forth herein, the teacher must earn a grade of B or better (unless the course is a Pass/Fail course, in which case the teacher must receive a grade of Pass) and must submit an official transcript to the Superintendent or his/her designee within one (1) year of the completion of the pre-approved course with said payment being made in the school year following the submission of the official transcript. Failure to submit the official transcript within this one (1) year period shall cause the teacher to forfeit the teacher's eligibility for salary movement under this Section and/or the teacher's eligibility for tuition reimbursement. The Board of Education will act to approve or deny a tuition reimbursement request within sixty (60) days of its receipt by the District Superintendent.

Tenured teachers may apply for tuition reimbursement for no more than six (6) hours of graduate coursework per school year at a total of Two Thousand Five Hundred Dollars (\$2,500) per employee (not to exceed actual costs of tuition only). The Board will make Twenty-Five Thousand Dollars (\$25,000) available annually for teacher tuition reimbursement. The Board of Education will provide the tuition reimbursement to the first ten (10) teachers who are approved each school year to receive the tuition reimbursement unless a teacher has received the tuition reimbursement in the previous school year. If a teacher has previously received the tuition reimbursement, that teacher will not be eligible for a tuition reimbursement in the following school year unless fewer than ten (10) other teachers apply for the same. If the Twenty-Five Thousand Dollar (\$25,000) allotment is not utilized in any given school year, those funds shall not rollover or be eligible for tuition reimbursement in the following school year.

When a teacher has completed sufficient approved graduate coursework (or approved graduate/undergraduate coursework to add an approved endorsement) as defined in this Section in order to be eligible for a higher salary, the salary increase shall be made at the beginning of the next contractual year or the beginning of the second semester provided the official transcripts are provided to the District no later than September 1 or January 31 respectively. Transcripts provided for the purpose of tuition reimbursement shall meet this requirement. Only one (1) movement per school term shall be allowed. Any teacher who achieves salary movement under this provision during the life of this contract will receive the following salary increase in addition to the amount specified in Paragraph 15.17 for increases made at the beginning of a contractual year.

Addition of Approved Endorsement	\$1,000
Movement from BA to MA	\$3,000
Movement from MA to MA+30	\$3,000

The salary adjustment will be added first and then the salary increase as specified in Paragraph 15.17 will be made.

Any teacher electing to receive a tuition reimbursement under this Section agrees to remain an employee of the District for two (2) full school years following the school year in which the required submission of an official transcript for tuition reimbursement is provided to the Superintendent. If a teacher voluntarily leaves the employment of the Board of Education or is terminated for cause in the school year immediately following the submission of the required submission of an official transcript for a tuition reimbursement, the teacher shall be obligated to repay the full amount of the reimbursement provided. If a teacher voluntarily leaves the employment of the Board of Education or is terminated for cause after teaching between one (1) and two (2) full school years after submission of the required submission of an official transcript for a tuition reimbursement, that teacher shall repay half of the tuition reimbursement provided back to the Board. In order to receive the reimbursement, the teacher shall execute an addendum agreement warranting that the teacher will execute any and all necessary documentation to repay the amounts owed as set forth herein either through a payroll deduction or other agreed payment plan. The addendum will further obligate the teacher to pay any and all costs and fees, including reasonable attorneys' fees, expended by the District in collecting the amounts owed should the teacher fail to make the payment required by this Section.

- 15.3 The Superintendent shall grant new teachers with previous documented teaching experience up to ten (10) years' credit for such prior experience. Up to ten (10) years' experience credit may be provided to social workers, speech language therapists or nurses for experience in non-educational settings performing a similar service. For each year of credit granted, the employee shall be given a two (2) percent increase from the base salary set forth in Section 15.17. In the event this restriction prevents the filling of any position, the Superintendent and the Union president will discuss any change necessary to fill such position(s).
- 15.4 Salary will be paid to the teachers in twenty-one (21) or twenty-six (26) pay periods. Any balance in the Board's contractual salary due to a teacher not returning to the District shall be paid on the last day of the school term unless otherwise provided by the written consent of the teacher. The first paycheck of the new school year will be issued no later than the Friday of the third full week in August.
- 15.5 All teachers must agree to take six (6) clock hours of computer science on site in the areas of attendance, class work and E grades during staff development or articulation day.
- 15.6 Insurance
- A. The Board shall provide, a Board expense, a \$50,000 term life insurance policy on each employee. The employee shall designate the beneficiary.

- B. The Board shall pay ninety-five percent (95%) of the cost of the premiums for the individual employee's coverage of major medical and hospital insurance for each member of the bargaining unit. Bargaining unit members may purchase family coverage at their own expense. A teacher may change the status of coverage needed at any time during the school year in accordance with the insurance coverage policy.

Teachers who elect dependent coverage, as per the terms and conditions of said group insurance plan on or before the first day of each school year, may, at any time, elect that the Board remit for him/her during said school year, to the insurance carrier, a sum equal to the premium for the dependent coverage elected. Said election shall be made on an annual basis.

The amount of gross wages due a teacher in the form of salary shall be the sum specified by the Agreement less the payment by the Board, paid in installments as otherwise provided herein, required by law or as authorized by the teacher pursuant to the Collective Bargaining Agreement.

The teachers shall have no right or claim to the funds so remitted. Once said election is made as provided above, it may not be rescinded except in the case of the death of the insured dependents. This provision is intended to constitute a cafeteria fringe benefit plan under IRS Section 125.

The Board does not warrant that the deduction made in the amounts as listed for the teachers as set forth above are deemed excludable from the teachers' gross wages, and as such, the Union and each individual teacher shall and do hereby indemnify and hold harmless the Board, its members, its agents and its employees from any and all claims, demands, action, complaints, suits, assessments or deficiencies or other liabilities by reason of the payments of dependent insurance premiums to the provision of the section.

- C. Board certified employees will fund a dental program on payroll deductions subject to voluntary participation by a sufficient number of employees. No contribution shall be required of the Board other than to process payroll deductions. The Board further agrees to shelter employee contributions to the extent possible under Internal Revenue Service Rules and Regulations.
- D. An optional program will be placed in the new Agreement, if such a program can be developed, with the cost to be paid by the employees in monthly deductions if so authorized by each employee.
- E. Insurance Committee: The District Insurance Committee will consist of not more than three (3) representatives from the Board, one of whom will be the Superintendent or his/her designee; not more than three (3) representatives from the Teachers' Union and not more than three (3) representatives from the Support Staff

Union. The Superintendent or designee will convene meetings annually to review insurance cost data, claims history, cost projections and other information necessary to evaluate options for providing the best insurance plan possible while controlling insurance expenses. The Committee shall not have the authority to alter benefit or premium levels; but shall report findings and recommendations to the Board, the Unions and other constituent groups. Any changes to the District's insurance plans need to be approved by the Board of Education and the Unions.

- 15.7 Teachers new to the District who elect Board-provided insurance coverage shall be given all medical forms at the time they complete other payroll documents. Teachers shall receive a signed and dated receipt after turning in all completed medical forms to the Administration.
- 15.8 Teachers, when using their personal automobile, shall be paid the current IRS rate per mile that is in effect for all required travel between King/Parks, District Office and Lincoln on District business provided that appropriate documentation to support the reimbursement is proved.
- 15.9 All teachers who are required to travel on school business, upon submission of expense vouchers, shall be reimbursed for parking expenses and tolls incurred during such travel.
- 15.10 Any teacher who retires shall be allowed to remain in the District's group insurance programs at his/her own expense.
- 15.11 All compensation paid in addition to a teacher's yearly salary shall be paid to the teacher in a separate check on a semi-annual basis.
- 15.12 The Superintendent shall grant new speech therapists, nurses and social workers with documented previous private sector experience up to a total of (10) years' credit.
- 15.13 Newly hired certified employees who hold certifications in the areas of behavior disorders, special education early childhood, speech language services, social work services and guidance counseling, and who are employed in the areas of the foregoing certifications, may receive a one-time hiring stipend of five hundred dollars (\$500.00) for each year of experience that they are placed on the salary schedule up to a maximum of ten (10) years of experience payable at the end of the school year.

Any employee electing to receive this stipend agrees to remain an employee of the District for three (3) full school years. In order to receive the stipend, the employee shall execute an addendum agreement warranting that if he/she voluntarily leaves the employment of the Board of Education or is terminated for cause within three (3) school years, he or she will execute any and all necessary documentation to repay the amounts owed herein either through a payroll deduction or other agreed payment plan. The addendum will further obligate the employee to pay any and all costs and fees, including reasonable attorneys'

fees, expended by the District in collecting the amounts owed should the employee fail to make the payment required by this Section.

15.14 In the event a teacher is hired, based on prior experience and educational attainment, at a salary higher than provided under Section 15.3, the teacher will be paid at the salary of a similarly situated teacher (based upon experience and educational attainment) or as otherwise agreed by the Superintendent and Union President.

15.15 For each year of this contract, teachers will receive:

2022-2023	6% increase over the 2021-2022 salary
