Dr. Nicholas Henkle, Superintendent

Memorandum of Understanding

The Channahon 17 Board of Education and the Channahon Council AFT/IFT Local 604 AFL-CIO recognize the existence of two contractual drafting mistakes, otherwise known as 'scrivener's errors' in that neither party negotiated these changes in the contract. Scrivener's errors are 'absolutely clear, easy to identify mistakes' in which both parties agree correction is required.

The Channahon School District 17 Board of Education and the Channahon Council AFT/IFT Local 604 AFL-CIO identified the following scrivener's error in the 2021-2026 Collective Bargaining Agreement:

Error 1: 8.2 PERSONAL LEAVE AND/OR EMERGENCY LEAVE

The end of the first paragraph in section 8.2 was inadvertently omitted from section 8.2 of the collective bargaining agreement and will be restored:

Correction 1: *"Personal leave, except in the case of an emergency, shall not be granted the day prior to or after vacation periods, holidays, institute days, nor during the first or last day of the school year except for religious holidays."*

Error 2: RETIREMENT INCENTIVE ELIGIBILITY

The final sentence in section 12.1 references benefits offered to retiring staff in the Board Policy Manual under Policy 5:212, Program Benefits, Section 2B . The current language states: "Should any employee who receives benefits from the District under the Program give inaccurate information regarding his or her eligibility for a TRS pension, that employee will be deemed to have waived in their entirety the insurance benefits provided in paragraph 2.B. below."

Correction 2: *"Should any employee who receives benefits from the District under the Program give inaccurate information regarding his or her eligibility for a TRS pension, that employee will be deemed to have waived in their entirety the insurance benefits provided in paragraph 2.B. of Board Policy 5:212 (Program Benefits)."*
